ICE CARNIVAL PLANS UNDERWAY FOR DRA- YTON VALLEY ICE CARNIVAL

The Drayton Valley Boy Scouts Association is pleased to announce that plans are presently under way for Drayton Valley's Sixth Ice Carnival to be held in the Curling Rink on Monday, April 3rd.

Two performances will be held again this year, the afternoon performance starting at 3:00 P.M. and the evening performance at 8:00 P.M.

With the formation of the local figure skating club approximately 63 members will be available to participate in this year's Carnival, making the emphasis more on local talent.

Skaters from Edmonton will also be on hand to offer the usual fine performances that have pleased our audiences so much in past years.

Carnival Queen Candidates this year are:
Paulette Doyle - Sponsored by Producing Companies, Audrey Getzinger - Sponsored by Drayton Valley Merchants, Sharon Reynolds - Sponsored by Rylee Reynolds - Sponsored by Pipe Line, Service and Supply Companies.

More news on the Carnival and Queens next week.

School Meeting

About 200 persons gathered in the auditorium of the Frank Maddock High School last Friday night to hear or to take part in a meeting that had been called, according to the posted notices "for the purpose of discussing complaints against the operation of Frank

Maddock High School."

All available chairs were taken and about a hundred persons were standing along the walls of the auditorium, to take part in the meeting which had aroused much interest among residents of this area.

Sony Plain School Division was represented by Mr. Harnoch, Divisional School Inspector. Mr. Frank Maddock, Chairman of the School Division Board and Mr. A. Boychuck, secretary of the School Division. Also present was Dr. Barn, of the Department of Education. Chairman of the local school board Mr. E. Lindskoog called for nominations for a chairman for the meeting and Mr. Bud Bryson was nominated and elected to chair the meeting. The Rev. A. Wright was nominated and elected to act as secretary. In a rather exacting position Mr. Bryson chaired the meeting very capably. During the presentation of one of these presents, for the way in which he kept the meeting running in an orderly fashion.

The complaint that had been filed was dealt with one by one, with the chairman requesting that whoever had made the complaint to stand for it and to state the complete nature of the complaint. It was noticed in the meeting that often when the complaint was brought up apparently it was supported by a very few, who either had the facts, or the authority to assist to the best of their attempt to substantiate the complaint. However, these who made the complaints, evidently had many sympathizers among the audience.

A motion was passed at the close of the meeting that the whole matter be put into the hands of the local school board for further investigation and that the school board be charged with the responsibility of informing the public of the outcome of their findings.

CHAMBER OF COMMERCE MEETING

Drayton Valley Chamber of Commerce members met in the Club Cafe for a dinner meeting last Thursday, March 2nd, with a fair representation of members on hand to hear Mr. Mark Stagg of the Town and Rural Planning Commission give a very interesting talk on the subject of rural planning.

Before the dinner meeting started new members of the executive were duly installed in office; among the Executive for the ensuing year is C.D. Fehr, president, L. Brando, vice-president, J.G. Cunin, treasurer, and W. G. Johansson, secretary.

Mr. Stagg gave an unusually fine talk on Rural Planning surveys and Rural Planning Analysis in which he pointed out that the primary objective of the planning

commission is to determine the manner in which development land should be used and the stages by which it will be developed. He pointed out that any laws and regulations that are passed are relating to the public welfare, and the planner is acting as a public servant.

He told of a step in development bylaw which has been passed to make easier the early control of rural districts where a sudden surge of development takes place. The speaker stressed that Drayton Valley should look into the possibilities of the district for a secondary industry or industry, to be ready for a future date when the development takes place in this field stages.

Mr. Stagg showed an unusual grasp of the situation in relationship to the province - wide rural planning, and also as it applied to the local area in local improvement districts. He has been in this planning the country just four months, coming from England, where he had obtained a degree in Planning, at the University of Durham. In England he had been with the Royal Engineers and since coming to Canada is acting as Advisor to the Royal Canadian Engineers.

Accompanying Mr. Stagg to Drayton Valley was another member of the Town and Rural Planning Branch, Miss Margarette Roder, a stenographer with the Branch. Miss Roder came to Canada from America about three years ago.

LIONS

On March 4th a few Drayton Valley Lions went over to the Charter Night for the new Lions Club of Swan Hills, which was held in the neighboring town of Fort Assiniboine, in the Legion Hall. The new club was sponsored by the Whitecourt Lions Club.

Three of the Lions on the executive of the new club were formerly members of Drayton Valley Lions Club; they are, Carmen Palmman, Charter president of the new club, Clarence Hillier, vice president and Fraser Arkinstall, RTAII Twister.

BOXING

The Northern Alberta Boxing Tournaments are to be held in South Side Legion on March 27th and 28th. The events will be staged on the evenings of those two days.

A PUBLIC MEETING FOR DRA- YTON VALLEY CENTRALIZATION SCHOOL BOARD

A meeting of the Drayton Valley Centralization School Board had been called for 7 p.m. on Saturday, March 11th in the Elementary School auditorium. For the purpose of election of trustees and discussing such other school business as may be brought up before the Board. The Drayton Valley Centralization School Board is comprised of several separate districts including Drayton Valley, with one trustee to be elected from each district except Drayton Valley, which is represented by two trustees. Among the districts represented by the local school board are Drayton Valley, Bayfield, Laurel, Rocky Bayle, Moon Valley, Clover Trail and Elk Head.

CIVIL DEFENCE

A Police Comm. under the auspices of the Civil Defence unit being conducted by Corporal Hopkins, of the Breton R.C.M.P. detachment, each Monday night at 8.00 p.m., in the auditorium of Frank Maddock Highschool. Corporal Hopkins will teach Judo.

FIRE IN TOMAHAWK

Photo by Curt's Studio.

A few hlnor explosions were heard just before the fire broke out. Mr. Hunter was in the metalshop at the time the fire was discovered, and he found that the flames were well underway by the time he discovered them. The fire was almost brought under control at one time but finally, the lack of fire extinguishers, hampered the fire-fighters, and the flames broke out again. Loss is estimated to be \$100,000.

Apparently the fire started in the basement, with the probable cause being a faulty stoker on the furnace.

The speedy D.V.A.A. Rotarians pushed over all opposition in the Western Service League to win the beautiful Rotary Trophy, for this season. The trophy will be a rotating prize, to be competed for each year anew.

In the front row, left to right is Marton, McCannery, Huxall, Lindskoog and Johnny Hunka. In the back row is Law, Vig, Coach Nick Urchyslyn, Billa, Himecher, Gordon Johnson and Lorne Hunka.

District Personalities

LESLIE SOUTHWELL Photo by Curt's Studio

Leslie Southwell, superintendent of the Trans-Canada Pipe Line, is a native of Toronto where his father operated a grocery store. After graduating from High School in Toronto he joined the R.C.A.F. in November, 1942, stationed in England during the war. Les was on quite a number of operational missions, serving as bombardier. He was discharged in 1946 with the rank of Flying Officer.

Returning to Toronto he then used his war service credit to attend the Provincial Institute of Mining and Technology, in Hallsburg, Ontario. From the time of graduating from the Institute, until 1961 he prospectored and mined underground. In 1961 he came to the "Golden West", going to work in Pandium mine, near Radium Hot Springs, B.C. and in August of last year he was made Superintendant on a fulltime basis.

Mr. Southwell married Miss Freda Thompson in Kamloops, B.C. in 1955. They have three children: Louise, a member of the United Pipefitters Club in Edmonton. He is a member of the Drayton Valley Chamber of Commerce.

HIGHWAY ACCIDENTS

Two accidents, on the Highway 57, north of town, marked the past week and the beginning of this week. The first occurred on Tuesday, about 19 miles north of Drayton Valley when a car driven by Edward Nikhlychuk, of Edmonton was in collision with a car driven by Mr. Ken McKay of Drayton Valley as Mr. McKay was returning to Drayton Valley. Extensive damage was done to both vehicles. R.C.M.P. officers from Drayton Valley were called to the scene of the accident.

About 7 o'clock, last Sunday evening a three vehicle tangle at the intersection of 57th Street and Highway 57, on the north side of town, caused very extensive damage to two of the vehicles, and also caused damage to the third. (Cont. page 10, Col. 3)

DON'T MISS

SIXTH ANNUAL

ICE CARNIVAL

April 3rd, 1961, in the Drayton Valley Curling Rink.

SPORTSTALK

LOOKING AT THE GOLDEN GLOVES. By Don Boker.

After spending two days watching the Golden Gloves first two trials boxing card sponsored by the Optimist Club, I believe that this was one of the best tournaments that has been held in past years.

The size of the crowd on both days will bear this out.

Knowing before hand just what they could do, helped to keep action at a pretty tight pace from start to finish. But with every sports event there is some bad with the good and in this case I am talking about the marching of grown men from the army being matched against young boys, who, on the most part are going to school and by nearly all cases are lucky if they can walk three times a week, for a total of around six hours a week.

This is also with only the bare essentials of equipment to work with.

Can we possibly think that boys working out under these conditions are being given a fair shake when they are matched against grown men, training under the best of conditions for as much as forty hours a week with the best of equipment?

I believe that no father would knowingly allow a young son of his, who is in boxing as a sport, to be matched against, in my opinion, are professional boxers.

This option is shared by numerous other clubs who entered the Gloves, as well as a number of officials.

Perhaps the Amateur Association can look closer into this matter, and if they still consider that the army can, in all fairness, be considered amateurs, restrict them to fighting only in the open class.

A.G.T. ALL NUMBER CALLING

In the years ahead as A.G.T. joins other Canadian and American Telephone Companies in providing new communication services for their booming population, both telephone employees and the public will be hearing a lot about All Number Calling. Under this new dialing plan, termed A.N.C., for short, telephone users place their calls by dialing seven numbers instead of the letters-and-numbers combination that have been using.

For example, let's take a fictitious number in Banff.

A telephone number such as PO 2-2225 would be listed in the Telephone Directory as TE2-2225 and customers dial it that way. In short, they would dial that number exactly as they always did, using the same letters in the dial, the only difference being that they would dial ALL NUMBERS.

A present eight centres in Alberta are already on A.N.C., Camrose, Drayton Valley, Edmonton International Airport, Fort Saskatchewan, Hanna, Leduc, Calmar and Devon; each should run out of central office facilities in Alberta, for instance, it would be necessary to divide this province into two areas with two different number codes. A.N.C., with its greater number of central office codes, can prevent a development such as this. It makes it possible for us to keep these calling areas large, thus making service more convenient for our customers.

All Number Calling also has other advantages for the customer. A.N.C. will eliminate confusion between figure "zero" and letter "O" and between figure "1" and the letter "I".

A recent traffic study indicated that on calls made to telephones whose prefix consisted of the letter "O" of the letter "I" 1% of the dialled calls reached long distance. Dialling errors are 2 1/2 times greater if the "O" is part of the prefix than if it is part of the line number.

It will permit A.G.T. to offer wide use of new services such as in-dialling to PEX stations and direct dialling to mobile stations. These services will require additional telephone numbers in great amounts.

Once again the warm weather enabled Gymkhana Club members to ride - not only in the fields but also on the road. Although there weren't many, those who did ride had a wonderful afternoon. To most home-back riders a sign of spring is a mud-covered home after a ride down a country lane. This proved true to many riders over the past few days.

Due to the absence of our president Steve Reddin, the regular meeting was cancelled. It is

YOUR FIRE DEPARTMENT

By Ross Quinn

Despite all the noise from our shen last week, we have no fires to report. Once when the town rounded off it was a call to Tomahawk which is out of our area. The other time it was just wailing trouble of some sort which sounded a false alarm.

So that leaves us free to bring up another little matter which has been brought to our attention.

It seems that there are quite a few automatic alarm alarm town installed without a permit. This is not illegal in any way, but it's not very good.

Without a permit to the outside then gets thrown all around the basement on utility room and it settles on many things it shouldn't. It plugs up furnaces and electric motors, drives everything, and generally causes hazards.

Your fire department strongly recommends that if you have a fire set up without a permit to the outside, that you do something

about it soon.

It's just one more of the many little things you can do to make your home and family a little safer from fire.

GYMKHANA NEWS

Perhaps some of you are a little shy or don't know how to go about joining. All you have to do is pick up the phone and dial 542 - 3068 and say you're interested in joining the Lariat Gymkhana Club. That's all there is to it. So come on, don't be sure. Give us a call and I'm sure you will never regret it.

I wouldn't worry too much if your son makes mud pies, advised the doctor, "or even if he eats them. Sometimes that's quite normal."

"Well, I don't think so," replied the woman, "and neither does his wife."

Where can you get the freshest bread in town? At the DRAYTON BAKERY of course

Looking at Recreation

by: Michael Gormley
Recreation Director

IT'S A GREAT DAY: - So it is a great day for the Irish, March 17, Good St. Patrick's Day. All over the world, around the idea of March, sons of the "Auld Sod" reach back into that glorious Celtic past and bring forth a wee bit of that whirling Irish spirit. Among the sons of Erin the Shamrock is proudly worn, green sails in way into the apparel, songs of the noble and unconquered deeds of the Fatherland are lustily sung and there is general celebration in parades, parties and old-fashioned hoedowns. Now being a true Celt myself, whenever there are any of the above merry truths at this time of year - count me in.

The Irish boast of one of the richest and most varied mythological backgrounds of any nation in world's history. For centuries they have been traditionally known to credit unwelcome happenings to leprechauns, sprites, hoodlums and a host of other "little people". Ireland can also boast of a glorious past in many and varied ways, and not the least among them are the accomplishments of the sons over the years in the exciting and wonderful world of sport.

They say that the Irish are a venturing people which could very well be true, but one thing is for sure and for certain the Celts have almost totally disappeared from world famous athletic competition when they used to hold sway with an unquestioned supremacy. Back in the glorious twenties and the roughed thirties Irish Harp and Shamrock were to be found in every sphere of the athletic field. Hockey had its Clancys, McGees, McElhenns, McFertys, Malones, Reardon, Brennans, Shannons, Egans and a host of... headlines in their day, in football everyone has heard about the "righting Irish" of Notre Dame in the days of Knute Rockne who liked to be called a Celt in spite of his Scanavian background. There were the Lyles, the Brennans, the Crawleys and a line a mile long. Looking at baseball we find that the Celts were a dime a dozen in the early days, such men as McGraw, Corrigan, Cronin, McCann, and an ordinary, down to earth fellow named "Babe Ruth", in testing you could read names with an Irish brogue for an hour and still not skim the surface. The old-timers will remember men like Gene Talney, Jack Dempsey, Jim Maloney, Tommy Loughran, Jim Braddock, Mike McGuire, Jimmy McEntee, and Billy Conn just to mention a few of the all-time great ring stars. Wrestling had Dan O'Mahoney who was internationally considered as one of the greatest ever, and almost every branch of athletics had super stars from the land of the Shamrock.

Just what has happened over the years I do not know, but today

you can scan the sport pages day in and day out and all in vain if you are looking for an Irish hero. There are just not any more of Irish Princes as there used to be. Paul Pedersen is the only Irish fighter of note in the world today and he is a far cry from any of the formered champions. Football's Notre Dame is just a shadow of what it used to be. Hockey boasts of its Big "M", Geoffrion, and the Richards but "Red" Kelly is the only Celt that could be rated as a super star in the league today. And so on down the line in every sport, the present generation are just not out in the same mould as the old Celtic champions of days gone by.

In my own professional field there are well over one hundred people working as Recreation Personnel in Alberta today and there are three Celts in the lot, Jack Kelly, Brian Malone and myself - so we are not exactly numerous little spears of Ireland north. I guess we just have to admit that we seem to be a vanishing act, at any rate, we certainly do not measure up to the Gaelic heroes of old. Yes the Irish may be vanishing and in many places of life they are certainly not what they used to be, but all the same, St. Pat's Day recalls to Irish heart the glory that once was Irish and makes us smile all over the world.

SERVICE CADET LEAGUE A POSSIBILITY

I have been approached on the possibility of starting a Service Cadet League here in Drayton Valley. "Chuck" Rand is very interested in this particular project and is presently looking into the matter with city authorities. Chuck would prefer an Air Cadet League here as such would be permissible, however, he would be willing to go along with Navy or Army Cadet formation if the Air Cadets could not be formed at this time for one-season or another.

Personally, I am very much in favor of the project. I think that an Air Cadet League or any Service Cadet League would be a tremendous asset to this community. Like the Cubs, Scouts, Golden Brownies, Town Band and other such community organizations, a Service Cadet League adds to the prestige and civic pride of a town. This is particularly noticeable on the occasion of parades and community celebrations. A Service Cadet League would be a welcome addition to our ever expanding recreation program.

TOWN BAND-RAPID PROGRESS

The newly formed town band under the direction of Karl Wahl is coming ahead in leaps and bounds. Some twenty people are regularly practicing with the band on Monday and Thursday evenings in the Fire Hall Office.

Karl and, in fact, everyone concerned with the young organization is more than satisfied with the progress to date and all enthusiastically look to further success, and the future of the band.

We first started thinking along this line of town band last November. After a few preliminary meetings and a good amount of basic planning, Mr. Wahl finally got the nucleus of a prospective band together and started actual practice in mid-January. Since then the organization of the band has been pushed further. Committees were formed within the band and instruments, music and other necessities have been purchased. Karl says that there is no reason still why the band will not be ready to perform at the inaugural ceremonies of the Canadian Amateur Boxing Tournament on May 19 and whenever required through-out the tourney. So have patience folks! I think you will have a very fine town band performing for you here in Drayton Valley before too many moons come and go.

ICE CARNIVAL: The D.V. Boy Scouts Association under the direction of Jack Hyland has plans to complete the preparation of the Sixth Annual Ice Carnival at the Curling Ring, on April 3 (Easter Monday). As in other years there will be a double date with a museum for the children at 9:00 P.M. and an evening performance slated to begin at 8:00 P.M.

The work of the Drayton Valley Shooting Club during the past winter has really paid off in rich dividends as far as local talent for the show is concerned. Right now there are some 83 members of the local club ready to compete in the Carnival with the result that this year the show will largely consist of local talent backed up by some very fine home-town talent. Very much fit to basically our own youngsters that we all want to see perform in any tournament or carnival. There are many other possibilities of superb travel skill and calibre in any and every field of recreation, however, when we have any competition or presentation here we want our own fine amateur athletes, not fancy, high-priced professionals who perform solely for the almighty dollar. I think that when you attend the local carnival in April you will be pleasantly surprised and amazed at the grace, fitness and ability of some of our young stars.

To the best of my knowledge at this writing I believe that there will be three Carnival Candidates this year. They are Sharon Reynolds, Paulette Doyle and Audrey Getzinger. Each candidate is sponsored by local organizations.

IMPORTANT MEETING

A couple of very important meetings dealing with the different phases of the local recreation picture will take place this week in the Recreation Office. On Wednesday evening there will be a committee meeting of the Canadian Amateur Boxing Championships Organization. It is vitally important that all committee chairmen and vice-chairmen be present at this meeting as some very important matters will be discussed during the evening. A delegation from Edmonton is supposed to be on hand for the get-together. Among the visitors will be George Bougie Alberta Representative for the A.A.U. of C., Gordon Russell, Boxing Committee Chairman of the Alta. Branch of the A.A.U. of C. and Ted Wall and Jack Brodie of the Edmonton Olympic Club who did such a wonderful job in sponsoring the 1981 Golden Gloves. The meeting will get under way at 8:00 P.M.

On Thursday evening March 16, the Drayton Valley Athletic Association will hold its regular bi-monthly meeting in the Recreation Office. Several important points in the local recreation setup will be discussed and some plans are likely to be laid for the coming baseball and softball season. This is an open meeting and anyone is welcome. If you are interested in the going-on in the local recreation

TOWN CALENDAR

COMMUNITY LIBRARY HOURS: Tues. 12:00 - 1:00 P.M. & 3:30 - 5:00 P.M., Fri. 12:00 - 1:00 P.M. & 3:30 - 5:00 P.M.

BIRDFOOT TREFOL

Recent articles in farm magazines about birdfoot trefoil have interested a lot of farmers. Unfortunately, this legume, which is interesting because it does not seem to cause bloat, has little to recommend it in our Alberta.

Research by the University and the Experimental Farms has found the following about this legume:

1. It is difficult to establish a good stand of birdfoot trefoil. It is not sufficiently winter hardy, and winter killing is common here.
2. Birdfoot trefoil does not yield nearly as well as alfalfa or red clover or other legumes adapted to this area.

It would seem from available information that Birdfoot Trefoil might have a place in some parts of eastern Canada, but is of little value here in Alberta.

LOWER HOG PRICES NEXT YEAR

On the basis of a survey conducted last December, it is estimated that 155,000 sows will be farrowed in Alberta during the first half of 1981. R. E. English, Agricultural Statistician, reports that, if these intentions are carried out there will be 19 per cent more pigs on farms by June 1st than there were a year ago.

Compared with spring farrowings in 1960, farrowings in Canada this year will be up 16 per cent - 21 per cent in the west and 12 per cent in the east. While this is a substantial increase, it is still 10 per cent below the number farrowed in the spring of 1959.

According to economists, working at the Ontario Agricultural College, hog prices will record a seasonal advance to a peak of about \$20 at Toronto in June and July. Heavier marketings next fall, however, will bring prices down some \$5 or \$6 below this level. The great danger is that over production and low prices could occur in 1982.

CROSSBRED SOWS

There is good evidence that crossbred sows can result in greater efficiency of production, and greater returns for the producer.

At the University of Alberta, crossbred sows farrowed and weaned more pigs with larger litters. Litter weights both at birth and at eight weeks of age were 3.4 and 3.6 lbs. more than for the same breed. Forty-six litters from Lacombe and Yorkshire crossbred gilts and sows were compared to 28 purebred Yorkshire litters.

Compared to the Yorkshires, the

offspring of the Lacombe and Yorkshires cross sows were 8 to 14 pounds heavier at birth, showed a tendency towards better survival, were 7 pound heavier at eight weeks of age and went on market 14 days earlier. In addition, the offspring of the crossbreds had super or carcass.

Comparison of the offspring of different sires within the Yorkshires and Lacombe breeds, indicate the necessity for careful selection and testing of the sire, no matter what breed is used. Unfortunately, the experiments did not determine whether the carcass superiority was an indication of hybrid vigour or merely that the particular crossbred sows used, were superior to the group of Yorkshires in the test.

In view of experimental results, the making of crossbred sows with top quality purebred P.C.V. sires, aimed steps for the production of top quality pigs can be recommended.

REPORT FROM LEGISLATURE

By: Mrs. Cornelia R. Wood, M.L.A.

Following the Opening Ceremony of Monday of the third week in the Legislature, Premier Manning reported on the Tax Rental agreement with the Federal Government. The agreement presently in force will expire March 1, 1982 and under the Federal Government collects all personal income tax, corporation taxes and Succession Duty Tax. Then each year returns to each Province a percentage of these amounts collected from their respective areas.

Under the new offer, the Province is not given a choice and Alberta will stand to lose \$4,000,000. The Federal Government will withdraw partially from these three fields of taxation and the Provincial Governments will have to collect their own taxes to make up the amounts retained by the Federal Government. The Federal Government will act as tax collecting agency if the Provinces wish it. They gave the administration offices already set up, and they offered to distribute the tax money as their expense.

The proposal allows the Federal Government to withdraw from 10% of its income tax levy in 1981 and one per cent more each year to 50%. It withdraws its 9% corporation tax receipts and allows the Provinces to collect their own Succession Duty tax or receive 50% from the Federal Government as it does now. The Federal Government asks for 50% of the revenues from natural resources. "That is the one that hurts" said Premier Manning.

The Debate on the Throne Speech continued with Hon. A.O. Allibon, Minister of Education, outlining in detail how the government's new approach to municipal provincial financing would effect

The Chapel Hour

By Rev. A. Wright
Drayton Valley, United
Church.

Toward the end of this year the Third Assembly of the World Council of Churches will meet in New Delhi. It has been the custom when this Assembly meets to give a title to the proceedings. This year it is "Jesus Christ, the Light of the World". This title has special significance since the meetings are being held in Asia, for it is as the Light that Christ was preached to the millions who dwell there in the darkness of heathenism and Paganism.

The Editor has asked that this column deal with Easter. It is not difficult to deal with Easter for Christianity does not deal with anything else but Easter. There is no other message for Christians than the Easter message.

The story is well worn of the Minister who announced at the Easter Service that someone had left a pair of overcoats at the Christmas Service and would they please pick them up. We may all smile at this but the fact of the matter is that the person who is the subject of this story is not a Christian. He has not seen the light, Jesus Christ, the Light of the World. The significance of Easter to the Christian means that God brought forth light of darkness, hope out of despair and life out of death. The greatest frustration that the Church faces in Drayton Valley or any other average community today lies in those people who call themselves Christians but who obviously walk in darkness. One writer has stated the case in these words:

"We live in an artificial light, often more distorting and more terrifying than darkness itself. Which of us has not caught a sight of himself under the glare of our artificial street lighting and been appalled by what the eyes saw, greenish-yellow spectra of distorted appearance is bad enough when it is recognized as the effect of artificial light, but when people accept that as their real appearance and glory in it, the time has come to confront them anew with the Light of the Gospel of Jesus Christ."

The Christian needs no reminder that Easter is approaching for every Sabbath day is Easter morning to the Christian. If you are a Christian stand up and be counted by your light may shine before men. If you are not a Christian but are hopeful of becoming one feel free at all times to discuss your needs with a Christian friend or a Priest, Pastor or Minister. In any event turn to John 8:12 in your Bible and you will find there in one sentence the secret mystery of Easter.

Nations, the individuals, despairs, not so much from attack without, as from decay within. The recognition of sin is the beginning of salvation.

CWL Regular Meeting

The monthly meeting of the C.W.L. was held at the rectory March 8, with 10 members and Father Scriven present. A letter of thanks was received from the Marian Centre for the donation of Clothes. The C.W.L. Annual Easter ham bingo will be held in the Elks Hall, Wednesday, March 22.

Hospital visitors for April are Mrs. McDonald and Mrs. Blakey. New officers were elected and are as follows: President - Mrs. O. Trudell Secretary - Mrs. M. Lottick Treasurer - Mrs. E. Horne Publicity - Mrs. T. Shanley Spiritual - Mrs. P. Morrice Membership - Mrs. C. Vaughey. Get Well Convener - Mrs. G. Macdonald.

The next meeting will be on March 27th instead of the usual first Monday.

LUTHERAN CHURCH NEWS

LUTHERAN CHURCH TO HOLD RADIO & TELEVISION SURVEY.

The local Lutheran Church, in conjunction with Lutheran-Mission Friendship Week, will participate in a survey to determine the interest in the radio broadcast, "The Lutheran Hour", and the television series "This is The Life".

During the week of April 16th to 20th services will be held each evening with guest speaker, Rev. H. Fox, in attendance.

Everyone is cordially invited to attend these services.

MISSIONARY

(cont. next column)

Dr. Charles E. Fuller

Tune in this Sunday!

Rev. Millard Kirkpatrick, who recently went to British Guiana as a missionary at the request of Church leaders in B.G., South America, reports on the work there. Rev. Kirkpatrick is the originally from Saskatchewan. He has served as missionary in Japan and Hawaii, and has done extensive preaching and deputation work on the North American continent.

Dear Friends: back home.

This is an impressive letter and I am having it done while I am in the city. This is certainly a white harvest with plenty of opportunities to preach the Gospel. The hearts of the people are very receptive to the word of God.

As you know, British Guiana is in a crisis here when with the next election it could well go communist. We are very anxious to preach the Gospel of Christ and also to inform the people what they could expect if communism takes over this country.

I just have come from a prayer meeting in a Presbyterian Church where different ones come to—gather at noon to pray for revival.

I had the opportunity to speak. I taught on the Unity of the Body of Christ. God really blessed, and you could see tears in the eyes of many. The people realize the seriousness of this. They know it will be either Christ or Communism. I visited two other Churches yesterday and I have an appointment with a Christian business man on Thursday to decide other meetings.

I do cover your prayers as conditions here are quite different than they are at home, and even in the Hawaiian Islands. However, my experiences in Japan help me now, because conditions are very similar. It is very hot and humid, and we have to do a lot of walking. Our greatest need is to have the power of God to meet the needs of the people. Many are sick and need healing, and many are depressed. Our heart goes out to the children in the streets, and many old people who need help. May God enable us to meet these multiple needs before the coming election in August. We have the opportunity now, soon it may be too late.

I am going to be very truthful

EVERY SUNDAY
C.F.R.N. 8 A.M.

with you owing to the suddenness of our coming here, naturally I was unprepared financially and so we are trusting God to lay it upon your heart to help us at this time. Mrs. Kirkpatrick and the children are living in a trailer at Lima, New York. You can either address your letters to Elm Bible Institute, Lima, New York or Georgetown, British Guiana, General Delivery.

Yours for lost souls,
Millard Kirkpatrick
George town,
British Guiana, S.A.

REPORT FROM LEGISLATURE

(Cont. from page 8, Col. 3)

the Throne on Friday. During the week 16 members took part in the debate. Hon. R. Reimer told of the work of the Telephone phone department and forecast an increase in telephone rates. No main increase in rates has been made since 1956, he said. The increased rates depend on the tax that the Alberta Government possesses to have Government departments pay for their telephone calls. Mr. Reimer, as Minister of Labor stated that in towns and cities of more than 5,000 population the minimum wage will be 55 cents an hour for both men and women and a 44 hour week, while in places of less than 5000 population the minimum wages will be 75 cents per hour and a 48 hour week.

Hon. A.R. Patrick, Provincial Secretary stated that 67 villages 40 hamlets and 37 towns have taken advantage of the Provincial grants under the Five-year program of the Provincial Government and had used them for such projects as Community halls, skating rinks, curling rinks, sports and playgrounds.

In comparison with taxation in other Provinces, Hon. F.C. Colborne Minister without Portfolio said that Albertans not only get off more lightly than people in other Provinces, but they are in a better position to pay their taxes.

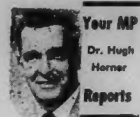

Hon. L.C. Holm Minister of Agriculture warned farmers not to over increase wheat acreage this year and urged consideration of the two-price system. He also said that erosion and soil drifting should be given serious study by farmers.

On Private Members day on Thursday, the vote on the resolution asking for a Hansard for the House, was taken after a tousing debate and resulted in a standing vote resulting in 5 for and 49 against.

Two evening sittings were held in the third week and 10 more Bills were presented while 15 of the 25 got second reading.

Friday evening the Budget was presented by Hon. E.W. Himman Provincial Treasurer. It showed total revenue estimated at \$323,406,785 with total expenditures of \$330,691,970, thus forecasting a deficit of \$7,285,184 for the 1961-62 fiscal year. It forecast an increase of 5 cents per gallon under the Fuel Oil Tax Act. The most unconditional grants to municipalities will be continued and \$18,000,000 is budgeted for these. When Mr. Himman was dealing with municipal assistance, he reported that since 1950, the Provincial Government has provided nearly \$800,000,000 towards relieving the burden on local tax payers through direct and indirect assistance to municipalities.

"The deficit in the Budget will get underway next week."

Your MP
Dr. Hugh Horner
Reports

What the Federal Government is doing to help our forest industry.

1. Forest Inventories

Federal Government pays half the cost of the approved programs. Seven provinces are now participating and initial inventories have now been completed and all are doing inventory maintenance. Alberta has received a total contribution of \$700,887.00 to date under this program.

2. Reforestation

Provinces which maintain their reforestation programs on unoccupied Crown Lands at a level equal to or above the previous year average are entitled to a Federal contribution of \$10 per 1000 trees or \$1 per seeded acre. In addition, the Federal Government contributes 1/3 of the cost of establishing and operating new forest nurseries. Alberta so far has not taken advantage of this program.

3. Forest Fire Protection

Federal contributions are available for capital expenditures on fire prevention, detection, and suppression equipment, building and improvement and the hiring of aircraft and vessels.

Alberta shares in this program and has received \$345,697.00 in grants to date.

Forest Access Roads and Trails

In 1958 - Federal Government entered into agreements with provinces to pay 50% of the cost of constructing forest access roads and trails. These roads and trails will serve to improve fire protection and aid in development of forest resources. Alberta has received \$262,678.00 to date under this program.

Besides these specified programs of Federal - Provincial Co-Operation - the Federal Government has set up a separate Department of Forestry which has as its general directive to improve, expand our forest industries.

It will be spending over one million dollars on Forest research. Many more dollars will be spent on Public Education Market research and investigation.

FROM LEGISLATURE

From the Legislative Press Gallery - Russ Sheppard.

Another record budget has been introduced in the Alberta Legislature totalling \$36-million.

687-thousand, 970 dollars. The total is \$ - million, 94 thousand dollars higher than the estimated expenditures last year. Provincial Treasurer E.W. Himman, in his budget, estimated revenues for the fiscal year April 1st, 1961 to March 31st, 1962 at \$23-million 440-thousand, 785 - dollars, leaving a deficit of 19-million 292-thousand, 175-dollars.

The deficit budget is accounted for through an anticipated drop in revenue from the sale of petroleum and natural gas leases. A decline in this phase of government business during the past fiscal year accounts for a deficit of over 24-million dollars to the end of last December. Despite the drop in this revenue, Mr. Himman said that with increases in population, stability in our agriculture and forest industries, an expected improvement in oil sales, and multi-million dollar program in gas lines, sulphur plants and development related to gas export contracts, there is every reason to be optimistic about our economy.

The major news in the budget, to critics at the pocket book of most, is a 5-cent a gallon increase in the tax on fuel oil. This will bring the tax on gas to 10-cents and diesel oil to 14-cents a gallon. Mr. Himman said the increase in gasoline tax will make the provincial contribution to the large highways program more equitable. Purple gasoline will remain untaxed for farm use purposes.

The main source of revenue in the budget will continue to be natural resources with income from the Mines and Minerals Department estimated at 197-million, 497-thousand dollars, a decrease of over 20-million dollars compared with a year ago. The Federal - Provincial tax agreement will bring in another 68-million, 763-thousand dollars.

Major expenditures will be education and health, each eating up over 25 per cent of the budget. Education will see expenditures of 69-million, 609-thousand dollars, 56-million of the total will be grants to schools while the Province will contribute 8-million dollars toward the operation of the University. The education budget is almost 9-million dollars higher than last year.

Estimated expenditures for health are listed at just over 69-million dollars, an increase of more than 7-million dollars. This is accounted for mainly by increased hospital services and the new auxiliary hospital program.

The total highways program will amount to just over 79-million dollars with 42-million, 377-thousand for construction and 37-million, 418-thousand for maintenance and assistance to municipalities in their road program.

(Cont. from page 8, Col. 3)

A new appropriation in the budget is \$-million, 800-thousand dollars which will be paid to municipalities in the form of grants in lieu of taxes. This year for the first time Government buildings, excepting hospitals and schools, will go on the tax rolls under the new tax deal. The regular sum of 18-million dollars will again be distributed to municipalities as unconditional grants.

Mr. Himman said municipal assistance is again higher, with almost 69-million dollars estimated as direct assistance and almost 37-million in indirect assistance such as health and welfare.

Other highlights of the budget... Public welfare will necessitate expenditures of more than 24-million dollars with Federal government payments reimbursing the Province by almost 9-million dollars.

Public works program will total almost 42-million dollars. The breakdown on this work includes over 4-million dollars for construction of University facilities at Edmonton and Calgary; almost 4-million dollars for Provincial institutes and hospitals; 5-million for homes for the aged; 6-million for courts and other Provincial buildings and 23-million for Provincial buildings.

Commenting on the increased gasoline tax, Mr. Himman said it is the first increase since 1951. It will bring the Government an estimated 6-million dollars in extra revenue and raise the income from the Fuel Oil Tax Act to 34-million, 320-thousand dollars.

In his concluding remarks, Mr. Himman said: "The Government has decided on a policy of retrenchment which can be accomplished without drastic reduction in services, without lowering the levels of assistance to municipalities, without the imposition of new taxes for Provincial purposes and without such a call on our reserves as might lead us to the necessity of imposing some economy-shattering new taxes at a later date."

Mr. Himman told convention that the budget does not contain a drastic figure on actual financial assistance for the various municipalities under the new foundation program for education. These details are still being worked out. A lump sum of 49-million dollars over last year is listed in the estimated.

Earlier in the week, Education Minister A.C. Aslberg outlined a six-point formula to disburse financial assistance under the "Foundation Program of School Financing". The program is designed to control and stabilize the skyrocketing costs of education. The formula is based on six cost factors: instruction, transportation, operation and maintenance, instructional aids,

debt service repayments and administration.

Instruction financial aid will be paid on a basis of each teacher employed (varying according to the teacher's qualifications) and also on a per pupil basis.

Transportation assistance will be on a per pupil per mile basis.

Operation and maintenance assistance will be on a fixed amount for each teacher employed.

Debt service repayments will consist of a fixed amount per pupil subject to local conditions.

The sixth factor, administration will be a small percentage of the total amount payable as determined by the other five factors.

Mr. Aslberg said the main advantage of this program is that the autonomy of school boards is preserved.

The program is based on approval from the Government, there is an unapproved or contingency grant phase of the program. The school board might be able to obtain a contingency grant for all or part of this amount.

Mr. Aslberg said there are many details still to be considered such as determining and submitting requisitions for unapproved contingencies and treatment of surplus and deficits incurred by the board.

In other debate in the Legislature: Mike Macgregor (Lib. Okla. La. Biche) questioned how much local autonomy was being retained when the Government strikes a 22-cent uniform tax rate and uniform assessment.

Two Calgary Social Credit members, Albert Ludwig and Charles Johnson spoke in favor of the University Facilities of Law and Commerce being moved from Edmonton to Calgary.

Alex Gorday (Sec-Vegreville) contended that a chain of negligence, mistakes and irresponsibility contributed to the Lamont School bus tragedy of November 28th that claimed 17 lives.

LOOKING AT RECREATION

(Cont. from page 4, col. 6)

heard her cheer for anyone but a McCreddie before our "Golden Boy" caught her pretty eyes.

During the past season we got one boy, Doug Lanstrup, sold on a goalie mask -- many of the other young goalies spending by the way on the back of added protection, however, I think they are a good thing. They take a bit of getting accustomed to, but they certainly cut down the possibility of injury.

The Canadian Red Cross Equine Bureau handled requests from 39 nations last year.

The Women's War Committee of the Canadian Red Cross produced 280,735 letters and more articles last year for shipment to 15 nations in need.

Every year more than 20,000 Canadians borrow thousands of dollars from the Canadian Red Cross to help them in their time of need.

Since 1922 the Canadian Junior Red Cross has provided medical treatment and care for 41,231 handicapped and crippled children in Canada.

Canadian Red Cross Disaster Services provided emergency assistance for 12,018 men, women and children last year. Most were victims of fire.

About 800 housewives and business women serve as volunteer members of the Canadian Red Cross Corps in 31 communities.

PROVINCIAL SCHOOL

BUILDING SCHOOL FOR FARMERS

A farm buildings school will be held at Drayton in the Community Hall on Monday and Tuesday, March 27th and 28th. Starting at 9:30 A.M., and concluding at 4:00 P.M. each day, the course will be given by Agricultural Engineers L. Reid and C.R. Johnson. It was stated by R.C. Jackson, District Agriculturist.

The course will feature the use of more efficient buildings at lower cost. New and more efficient building methods and materials will be discussed, as well as the design of farm buildings, heating, insulation and ventilation, pole structure, and many other topics.

The course is sponsored by the Alberta Department of Agriculture and the Pembina-Souris Agricultural Service Board, and all interested persons are invited.

CUB NEWS

A group of Cubs were invited to Tenderpaed, receiving their Tenderpaed badges in a ceremony held recently in the Scout Hall.

These youngsters who took the new step up the ladder toward Scouting were Joy Palmer, Bill Sodergren, Bobby Farling, Lane Thode, David Vaugouil, Billy Watkins, Rodney Schultz, Dean Parenteau, Melvin Parenteau, Darcy Adams, Eugene Bohner, Donald Bowman, Dale Brown, Bruce Kirkman, Romy Lafond,

Rotary President "Mac" McLean presenting the Tenderpaed trophy to D.V.A.A. Rotarian team Captain Eddie Hufel, in the Banters Service League, while Coach Nick Uchayhyn looks on.

Ray Luckey and John Palmer. Three Cubs received achievement badges at the same ceremony, they were Klaus Oser, Artist Bader; J. Ball Collections Bader; and J. Hufel, Cyclist Bader.

Acting Cubmaster is Jack McLean, with Assistant Cubmasters Jack O'Rourke, Bill Adams and Chuck Schaefer helping him with the Cub group.

HIGHWAY ACCIDENTS

(Cont' from page 1, Col. 5)

The accident occurred when a car driven by Mr. Garvick Road, driving a car with a Drayton Valley registration, was making the turnoff the highway onto 50th street, to enter Drayton Valley. A truck driven by one of the Solo mot brothers, hit the Road vehicle, and the second truck, driven also by another Solo brother, hit the first truck with the result that very much damage was caused.

SPORTS TALK

(Cont' from page 2, Col. 3)

Most open class boxes are experienced enough and usually old enough to make it a little more like an equal contest. LETS KEEP AMATEUR SPORT TO THE AMATEURS.

DR. MACLAURE ATTENDS COURSE IN OBSTETRICS AND Gynaecology.

Dr. H.L. MacLure has recently attended a course of Obstetrics & Gynaecology which was sponsored by The Canadian Medical Association, Alberta Division, and the University of Alberta. The guest speaker was Dr. Reginald A. Smith, of the Mayo Clinic, Rochester. Some fifty doctors from all over the Province attended.

Library MEETING

Drayton Valley Community Library Board held their regular meeting in the Library on Thursday evening, March 16th, with Mr. H. Zolmer in the chair. Representatives of the Chamber of Commerce, Lions Club, Rotary Club, C.W.L. and Town of Drayton Valley were present for the meeting, along with Chief Librarian Mrs. Maxine Krause and Library Board Secretary Mrs. Lori Clermont.

Among the matters on the agenda for the meeting were annual reports from the secretary, the treasurer and the chief librarian. A new treasurer was elected. Officers for the coming year will be President, H. Zolmer, Secretary

Mrs. Krause said that very few adults or children were taking advantage of the splendid lending facilities of the library and urged all residents of the community to make use of their community library.

Donald and Lyle Drester had a new baby brother on Saturday morning. Papa Ervin is handing out the cigars.

Miss Carolyn Hill, daughter of Mr. and Mrs. Edward Hill, of Violet Grove, is home on holiday. Lyn has been working in Edmonton. She is very interested in and has been firm supporter in her church for the past two years.

Mrs. William Hodge has been in hospital for the past two weeks. Two members of her family, Mrs. Lewis Schmidt and Myrl Hodge, live here.

Helmer Tamstad was taken to the hospital on Saturday morning suffering from a severe nose bleed. It is unlikely that he will be able to go home for a few days and in the meantime Devil, Helmer's little dog, is (incomprehensible in spite of the kind attention of neighbors).

Mr. and Mrs. Harry Whyte expect to have work begin before long on their new farm home. Mr. and Mrs. Whyte are most fortunate to have a fine building site with trees and a creek near by. Remind me to give you a slip of my favourite rose for your new garden, Minnie.

Mrs. William Robinson has been in hospital for a few days. On Sunday her son and daughter-in-law from Carmel Creek were out to see home. Mr. Robinson is employed with the Town.

Mrs. Mary Cooper's friends will be sorry to hear that she is ill. But wishes for an early recovery, Mary.

Mr. and Mrs. Duncan, of Edmonton, spent last week as the guests of Mr. and Mrs. William Wollichlager.

Mr. and Mrs. Harry Zolmer left by air on Tuesday for a two week holiday at the coast. The couple will visit Mrs. Zolmer's sister in Seattle as well as friends in Vancouver.

FIRE AT TOMAHAWK (Cont' from page 1, Col. 3)

be around \$20,000.

At the time of the fire Mrs. Hunter, with the children, was visiting her parents in Edmonton. "The Hunters lost everything in the fire. They had come to Tomahawk a year or so ago, moving to the district from Edmonton.

A daughter of Mr. and Mrs. Hunter, Joan, is employed in Drayton Valley as a dental receptionist; three other children, aged 3, 4, and 10 were with Mrs. Hunter in Edmonton at the time the fire broke out. A daughter of Mr. Schaeffer the man who was burned in endeavoring to extinguish the fire, Dolores, is also employed in Drayton Valley, in the Royal Bank.

Mr. Hunter plans to rebuild the store and living quarters in the same location in Tomahawk, as soon as possible.

Mr. and Mrs. Cal Bartlett of Pembina district entertained a group of friends Saturday evening in honor of their Twenty-third wedding anniversary.

The fortnightly card party and social evening of the Ladies Group was held at the Cal. Bartlett home last Saturday evening. First prize

was won by Mrs. Prosser Hill and consolation by Mrs. Edward Hill.

For the month Mr. Brennan was First and Mr. Edward Hill the consolation.

International assistance of the Women's Work Committee of the Canadian Red Cross touched \$140,300 last year. This represents the cost of materials only and does not include the time of the volunteers, warehousing, shipping or other expenses.

NEWS ADVERTISER

Vol. 6, No. 11 March 22, 1961 A. Playford, Publisher. Box 130, Drayton Valley.

DRAYTON VALLEY SIXTH ANNUAL ICE CARNIVAL

Off again to a flying start is the Drayton Valley Ice Carnival, which this year marks the 10th anniversary. This year, again the big ice show will be staged indoors in the huge curling rink. However, the curling season will be well over and the ice will be brought into readiness to receive the skates of the performers.

Date set for the performance is Monday, April 3rd.

"QUEENS"

As previously the Ice Carnival will again be graced by three lovely young ladies. The pictures showing the selection for this year's Queen Candidates are given on this page.

Queen Candidate Sharon Reynolds is through the purchase of one tickets is earnestly solicited by the hard-working committees who this year are charged with staging our own annual local ice extravaganza, which, year by year, get better and better. Every ticket you purchase will do more than help the girl you choose to support... It will help also to support the very wonderful Boy Scout and Girl Guide movement in this area.

The charming young lady in the centre of the page is Miss Audrey Gertinger, also a sweet sixteen-er. Her sponsors are Drayton Valley merchants, and if you wish to vote for Audrey, and we know that many will, you can do so by getting in touch with Mr. "Spiller" Brown of Pembina Pipe Line Ltd. or one of his aggressive salesmen.

Then last but certainly not least, we have a sweet young lady who attended Breton High School and who is now employed with Pan American Petroleum Corporation. She is Miss Pauline Doyle, eighteen years old, and very attractive. Her sponsoring companies are the Producing Companies. Tickets for Pauline are obtainable through Mr. Scott McDonald of Pan, Am, and others of the Producing companies.

"BIRTHDAY PARTY"

This year an interesting innovation has been introduced in the Carnival Theme, which will be

"Birthday Party"

"COSTUME PARADE"

A colorful costume parade will be conducted for the small fry and all members of that group who wish to enter themselves as exhibitors in the parade may get in touch with Mrs. Kathy Bright at 542-3673.

"IT ACTS"

A full seventeen colorful acts will be on tap for this year's excellent performances, which will feature both local and Edmonton talent.

YOUR SUPPORT

Your support of a Queen Candidate is earnestly solicited by the hard-working committees who this year are charged with staging our own annual local ice extravaganza, which, year by year, get better and better. Every ticket you purchase will do more than help the girl you choose to support... It will help also to support the very wonderful Boy Scout and Girl Guide movement in this area.

WE FEEL HONORED

Just the week after we brought out the first Pembina News Advertiser on February 2, 1956 Mrs. "Penny" Fleming, who spearheaded the first Ice Carnival in Drayton Valley gave us the pictures of five lovely young ladies, the Queen Candidates for that year. They were, Miss Joyce Humphreys, Miss Gladys Larsen, Miss Irene Beckley, Miss Maxine White and

Miss Joy Ann Patterson. Queen that year was Joy Ann Patterson. Each year since then we have had the honor of running the pictures of the very pretty young women who have been selected each year to carry the banner of Ice Carnival Queen Candidate. 1957 saw Queen Candidates Misses Marilyn Mitchell, Sophia Horne, Donna Lloyd, Kay Eamon, and Mrs. Anne Lumsden, with Miss Horne winning the crown that year. In 1958, the third Ice Carnival four girls were in the running. Miss Joan Vandertie, Miss Carole Lindskog, Miss Shirley O'Hall and Miss Sherry Scott. Winner in 1959 was Miss Sherry Scott. The following year again saw four girls in competition for the crown of Carnival Queen. Miss Darlene Campbell, Miss Carole Patterson, Miss Sharon Woods and Miss Gayle McDonald with the winner of the coveted title being Miss Sharon Woods. Last year there were three, as this year. They were Miss Beverly Lindset, Miss Verna McDonald, and Miss Pat Fry with Miss Verna McDonald receiving the honors.

Interestingly, too, are the various dates on which the big Ice Event

has been held. In 1956, February 17th.; in 1957, February 22nd.; in 1958, February 28; in 1959 February 7th, in 1960 February 18.; and this year, April 3rd.

VOTE BY TICKET

As in each year in the past one ticket will constitute one vote. Buy many tickets for many votes for the girl of your choice.

NEW HOUSES

The 1961 program house-building and development was formally opened by contractors Dunn and Peterson and Inter-Urban Development during their three-day Open House session on the weekend of March 10th, 11th, and 12th and again, with a follow-up Open House on the following Friday, March 17th.

The two fine three-bedroom homes opened for public inspection are adjoining the tract opened by the two companies last year, on the north side of the res-

idential section of town, on an other, recently opened street, just north of the previous tract. Furniture in one of the show homes had been supplied for the occasion through the courtesy of Hudson's Bay Company, of Drayton Valley, and Bay Manager Lorne Klapp had made a very excellent selection of the furniture which blended beautifully with the house decor.

Some 600 persons went through the homes during the time they (Cont. page 15, Col. 1)
